

*Dear Friends,*

I am very pleased to announce to you that St. Mary's Goans Dubai, are launching a new website. *As we all know that we are busy with our own jobs and other activities. We need to get to know each other in spite of our busy schedules. So this website will help us as Goans, to know each other, work together, share together, communicate with each other, and know the various activities that we do in our parish. We will be updating our content with useful information. I hope that you will benefit from this venture. I would like to thank all those who have worked and given their time and energy to make this site very profitable and informative for all Goans in particular. Invoking God's blessing on all of you and assuring you of my prayers.*

[Romans 14:19](#): *“So then let us pursue what makes for peace and for mutual upbuilding.”*
